

BMX WORLDS 2013

UCI BMX WORLD CHAMPS 2013
AUCKLAND, NEW ZEALAND
VECTOR ARENA

RELEASED: 13/03/2013

LAYOUT SUBJECT TO
CHANGE WITHOUT NOTICE

No entry

Vector Arena

REGISTRATION

- All riders who have entered will be registered by accredited NZL staff on Sunday 21st.
- Riders will be able to collect their race pack from Waldorf Stadium Apartments at 40 Beach Rd in the large foyer area (400m from Vector Arena) between
**7.30 – 9pm Sunday 21st and
10.30-12 noon Monday 22nd .**

WALDORF STADIUM

Race Pack Contents

- In the race pack will be
 - number plate
 - side plates
 - rider wristband
 - bike barcode - (20"/CR) bike sticker
- If you break/lose your any of your barcode tags, you must give Team Manager **all tags** for a replacement to be issued.
- None of the above can be altered – you can write plate number/moto/lane on the back of the plate

Rider Barcodes

You will not be able to pass security without matching barcodes on the bike and wrist. Only accredited staff may help riders in and out of security without a wristband or barcode.

ENTRY/SECURITY

- Riders must present their personalised barcode on their bike (20"/CR) and wrist-pass in & out of the pits area. At busy times, there will be NZL accredited personnel to help riders through.
- Riders should wear their jersey, race pants, shoes & carry shin guards, helmet, gloves, goggles, food-bag etc.
- They need to be able to carry their own gear to the NZL pits area.
- Younger riders should have their plate number written on their wrist/arm so they can find their bike among a lot of others.

PITS

- The area is calculated on the number of riders within a session, no extra bikes/gear can be stored if not riding. Bring—race day food, named drink bottles, appropriate clothing for weather, (even though the area is covered), tubes/wheels, special mechanical items, small portable chair or cushion, any medicines required (eg Inhaler)
- Portable/Electronic games for riders to fill in waiting time, cellphone (support team contact) small towel, a smile.

PRACTICE SESSIONS

- Riders should be in the pits area at least half an hour before practice session starts.
- Riders **must** wear the New Zealand 2013 Jersey and **must** have their number plate and side plates on their bikes before they can ride the track.
- Riders need to have any equipment they require during a two hour period. Water/drink bottles must be named. These need to be taken by the rider through the staging area to the back of the firewall, then riders do not need to return to the pits area. If riders have two bikes, the 2nd can be taken through and left closer to area. (Hopefully)
- The practice sessions are run by the country or countries whose practice time it is. This where the accredited staff are in charge. If you have any issues, please see one of the named persons. Also remember, they are volunteers.
- We will run two practice sessions per day – extended time has been approved by UCI 😊
- Practice One will be the Under 12's
- Practice Two over 12 years
- No rider shall ride on the track during another countries practice. If this occurs the rider is withdrawn from all racing.

STAGING

- Rider & bike should be ready to go through a series of stages
- 1st - assembly of class,
- 2nd—moto call (country, plate)
- 3rd—shoots-name/country & lane, up stairs/ramp to gate.
- Riders need to listen for their class call-up, whether in the pits or warm-up area.

AFTER QUALIFYING ROUNDS

- After crossing the finish line, riders will follow arrows back to the pits area. Put your bike where you originally placed it.
- Riders will have confirmation if they have qualified to the next level. Please don't leave the pits area until you have checked with NZL Team Management.

ACCREDITED STAFF

- The NZL Team Management have all had experience at the Worlds level. They will be able to help you to their best ability. If you need any assistance (toilet, parent area, bike, wristband, protest) you can ask any of the team.
- Sue Walker
- Ces Hill
- Laurel Freebairn
- Ally Barry
- Kylee Stevens
- Sue Anderson
- Murray Goodwin
- Malcolm McOnie
- Mechanic – TBC

FIRST AID

- Any rider who requires First Aid assistance will have a NZL accredited person in attendance. If the qualified medical staff suggest family members can be present, we will contact the people concerned (hence cellphone numbers).
- We will endeavour for an injured rider to meet/talk with their support people as soon as possible after/during treatment.
- The international chief medical officer (doctor) has had major experience at BMX events.

Club Media

- If Clubs could do a blurb and send as a contribution to their local paper about their riders training for the Worlds, where to get tickets from (Ticketmaster) it would help keep costs down but interest up..... Many non BMXers haven't heard we're holding the worlds in the smaller communities.

Communication

Rex Harris of Harris Race Radios in Kapiti has offered to sponsor Radios for the Accredited staff during the Worlds. These will be a real asset – there will be one or two held by persons within the NZL spectators for communication to and from pits/staging to be used if required. (Overloaded cell lines!)

Text messages will be sent via email /SMS to cellphone numbers provided if any notifications need to be made available to riders.
