## BMX Jersey - Measuring Guide

Centre Back

The sizing charts (right) provided to us by the supplier are in inches.

It is strongly suggested that you measure in inches and order accordingly.

If you need to convert the measurements to metric there are many online conversion programmes that can be used.

Type "convert inches to centimetres" into google search and use any of the options supplied. It is recommended that you check the answer on two different conversion charts as a cross check of the measurement.

## Men's BMX Jersey - Size Guide
